

**Product Datasheet (2021-06-02)**
**80110 - KS 8 x 6**

|                          |          |                                 |
|--------------------------|----------|---------------------------------|
| Omschrijving             |          | Flamco kogelscharnier KS M8 x 6 |
| Artikel                  |          | 80110                           |
| Model                    |          | K kogelscharnieren              |
| Draad- aansluiting       | E        | M 8 M                           |
|                          | F        | M 6 F                           |
| Afmetingen               | C [mm]   | 63                              |
|                          | A [mm]   | 8                               |
|                          | B [mm]   | 30,0                            |
|                          | D [mm]   | 15                              |
|                          | SW1 [mm] | 10                              |
|                          | SW2 [mm] | 12                              |
| Max. werk- belasting [N] |          | 1500                            |

**Algemene classificatie data**

|                     |                                    |
|---------------------|------------------------------------|
| <b>Etim Group</b>   | Bevestigingstechniek               |
| <b>Etim Class</b>   | Kogelophanging                     |
| <b>Product Name</b> | FlamcoFix kogelscharnier KS M8 x 6 |
| <b>Merk</b>         | Flamco                             |
| <b>Product Type</b> | M8 x 6                             |

**Classificatie Attributen**

|                                     |      |
|-------------------------------------|------|
| <b>Bouwlengte [mm]</b>              | 63   |
| <b>Max. hoekverdraaiing [°]</b>     | 20   |
| <b>Draadaansluiting onder</b>       | Ja   |
| <b>Toegestane werkbelasting [N]</b> | 1500 |
